EDUCATION

- **Motilal Nehru National Institute of Technology Allahabad** 2025 - Present
Master of Computer Applications CPI: 8.8
- **Devi Ahilya University , Indore** 2022 - 2025
Bachelor of Computer Applications CGPA: 8.38
- **Bhartiya Gyanpeeth , Ujjain** 2021 - 2022
12th — Madhya Pradesh Board Of Secondary Examinations Percentage: 75.04
- **Bhartiya Gyanpeeth , Ujjain** 2019 - 2020
10th — Madhya Pradesh Board Of Secondary Examinations Percentage: 90.33

PROJECT

- **crackd** |  May 2026 - June 2026

Built a full-stack web application that helps users prepare for interviews through AI-generated questions, resume analysis, and personalized feedback.

- Tools & Technologies: **React.js, Node.js, Express.js, MongoDB**
- Developed a full-stack web application for interview preparation and skill assessment.
- Implemented role-based interview question generation and performance tracking features.
- Integrated secure authentication and session management using **JWT**.
- Designed responsive and user-friendly interfaces using React.js and modern UI principles.
- Built scalable REST APIs for user management, interview records, and analytics.
- Optimized MongoDB queries and backend operations to improve application performance.

- **MNNIT-Connect** |   Jan 2026 - March 2026

MNNIT Connect, a web application that provides students with access to events, timetables, study resources, and a lost-and-found system in a single platform.

- Tools & Technologies: **Node.js, MongoDB, Express.js, React.js, Git, GitHub**
- Built centralized hub: events, timetables, study resources, lost & found .
- Developed features for managing **events**, **timetables**, and sharing **study resources** among students.
- Implemented a **lost and found system** to help students report and recover items efficiently.
- Designed a centralized platform to enhance **student interaction** and access to important campus information.

TECHNICAL SKILLS AND INTERESTS

Languages: C, Java

Development Tools: Git, GitHub, Visual Studio Code, Postman

Frameworks: Node.js, Express.js

Libraries: React.js

Cloud/Databases: MongoDB

Coursework: Data Structures and Algorithms, Object-Oriented Programming

Areas of Interest: Web Development

POSITIONS OF RESPONSIBILITY

- **Class Representative** Bachelor's Program Aug 2023 - May 2025
– Served as Class Representative, advocating student concerns and improving faculty coordination
- **Cultural Minister** Bachelor's Program Aug 2023 - May 2025
– Managed cultural activities and events

ACHIEVEMENTS

- **All India Rank 185**, Secured AIR 185 in the NIMCET 2025 . 2025
